

Overview

Slab gate valves for production trees, tubing heads, casing heads and manifolds.

Construction and Configuration

Bore, pressure, face-to-face length, flange outside diameter, handwheel diameter, ring-gasket number and weight are listed by model. Do not combine dimensions from different models.

Key Data

Series	Listed bore	Listed pressure
PFF	52、 65、 78、 103 mm	21–105 MPa (model dependent)

Selection

Specify the complete PFF model, pressure rating and flange-connection requirements.
